Effective cross-examinations can damage a witness' credibility, limit the witness' direct testimony, and elicit helpful testimony for your case. Learn the techniques used by successful criminal trial lawyers to accomplish these goals in this new two part program. The Friday afternoon session will feature video highlights and a live cross-examination demonstration plus commentary from experienced judges focusing on advanced strategies and techniques, including when your defence is presented on cross, getting the best from difficult witnesses, and the limits of eyewitness evidence. Participants in Saturday's intensive full day skills workshop will perform extensive mock cross-examinations of real life witnesses to test and refine their advocacy skills. Advance preparation is required.

Speakers include: The Hon. Justice Beverly Brown, *Ontario Court of Justice*
